

RADIOLOGIC TECHNOLOGY PROGRAM

MISSION

The Radiologic Technology Program provides accessible, affordable, equitable, state-of-the-art, and high-quality instruction which prepares the graduates to enter, adapt to, and potentially advance in the job market with entry-level radiography skills. It assists the graduates in achieving their professional and personal goals, as well as prepare the graduates with the necessary skills for lifelong learning.

PROGRAM GOALS

Goal 1: The student will demonstrate the necessary skills to perform as an entry-level radiographer.

Expected Outcomes:

1. Students will provide age-appropriate patient care, safety, and comfort.
2. Students will apply knowledge of anatomy and positioning to accurately demonstrate anatomical structures.
3. Students will evaluate images for diagnostic quality.
4. Students will apply the principles of radiation protection to patient, self, and others.

Goal 2: The student will possess critical thinking and problem-solving skills that contribute to excellent standards of patient care.

Expected Outcomes:

1. Students will evaluate quality factors using digital images.
2. Students will demonstrate mastery of skills on radiographic procedures.
3. Students will demonstrate ability to adapt to patient situations/conditions when completing mobile and trauma procedures.

Goal 3: The student will demonstrate effective interpersonal and communication skills.

Expected Outcomes:

1. Students will communicate effectively with patients and healthcare personnel.
2. Students will demonstrate appropriate affective behaviors such as working effectively with others and accepting constructive feedback.

Goal 4: The Program will graduate competent entry-level radiographers to meet the needs of the healthcare community.

Expected Outcomes:

1. The annual program completion rate will be 75% or higher.
2. Over a 5-year period, 90% of the graduates will pass the ARRT examination the first attempt.
3. Graduate surveys will rate their overall level of satisfaction with their program of study as satisfied or higher.
4. Employer surveys will rate the overall level of satisfaction with graduate performance as satisfied or higher.
5. Over a 5-year period, 75% of graduates, who wish employment in the field, will be employed within 12 months of graduation.
