2024 NAEYC Accreditation

(all data is based on AAS.ECE enrollment only)

Candidate enrollment in most recent semester available (total full-time + part-time)   **Fall 2024 Hdcnt :**   **64**

Number of full-time enrollments in most recent semester available   **Fall 2024 Hdcnt :**   **47**

Number of program graduates in past academic year (i.e., the most recent one-year period for which institutional information is readily available.
The reporting period may be different for programs that submit Annual Reports to NAEYC on a spring vs. fall cycle but should be consistent for each year's Annual Report):

For the 2023-2024 academic year consisting of Fall 2023, Spring 2024, and Summer 2024 term graduates :   **7**

Outcome Measure #1: The Number of Program Completers

In the chart below, please indicate the number of program completers for the three most recent academic years

Academic Year	Number of program completers	% of program completers who were attending full-time (at the time of completion)	% of program completers who were attending part-time[1] (at the time of completion)
2021-2022	8	25.0%	75.0%
2022-2023	10	0.0%	100.0%
2023-2024	**7**	**14.3%**	**85.7%**

[1] Part-time status is defined by the institution as as less than 12 credit hours

Outcome Measure #2: The Program Completion Rate

What is the published timeframe for full-time students to complete the early childhood program(s) included in this Annual Report? 2 years

In the following chart, please indicate the percentage of full-time students completing the program within the program's published timeframe
(institutions submitting multiple programs in a single Annual Report should complete a separate chart for each program.)
The program must complete the information for the 150% indicator and choose to report on either the 100%, 200% (or twice), or
300% (three times) indicator. The academic years selected must fall within eight years of the date this annual report is submitted.

Program Name: **Early Care and Education (Associate Degree - 2 yrs)**

Academic year in which a Fall cohort of full-time students enrolled at the institution (select three sequential years)	Percentage of those students who completed the program within 150% of the published timeframe	% of those students who completed the program in 100%, 200% (2x) *or* **300% (3x)** of the published timeframe (Please circle or underline the indicator above on which the program will report.)
2018-2019	25%	25%
2019-2020	33%	44%
2020-2021	0%	33%
2021-2022	22%	---

A program may (but is not required to) provide a short narrative description (150 words) of the data reflected above to provide context.
Initial Cohorts are Full-Time (12 credit hours or more), first time (REG_STAT = 1) students. The 2021-22 cohort is preliminary as they have not reached 300% of completion time yet.

1)   **Outcome Measure #3: Institutional Selected Data**

All programs are required to select at least one of the following outcome measures on which to report. (Institutions submitting multiple programs in a single
Annual Report may select the same or a different measure for each program and should complete a separate chart for each program.)

(A) The fall-to-fall retention rate in the program for each of the three most recently completed academic years

Academic Year	Number of Part-Time Candidates Enrolled (% of Total Enrollment)	Retention Rate among Part-Time Candidates	Number of Full-Time Candidates Enrolled (% of Total Enrollment)	Retention Rate among Full-Time Candidates
2021-2022	60%	40%	40%	72%
2022-2023	79%	52%	21%	57%
2023-2024	78%	58%	22%	54%
