### Section 2: Student (and Spouse, if married) Tax Return and Income Information

**Important note:** Complete this section if the student and spouse filed or will file a 2024 IRS income tax return(s). As part of federal student aid eligibility, students, and spouses (as appropriate), will be required to consent and approve sharing and importing income and tax information from the IRS to the FAFSA form, even if the attempt to obtain or use such data is ineffective. In other words, if the student and spouse filed separate 2024 IRS income tax returns, both must provide consent and approval to share and import income and tax information from the IRS. In most cases, no further documentation is needed to verify 2024 income information that was transferred into the student’s FAFSA using income and tax information directly from the IRS.

**A. Tax Return Filers: (Check the ONE box that applies)**

- I have used the Direct Data Exchange (FA-DDX) in the FAFSA to retrieve and transfer my (and, if married, my spouse’s) **2024** IRS income information.
- I am unable to use the Direct Data Exchange (FA-DDX) in FAFSA on the Web, and I will submit a **2024 IRS tax return transcript** or signed copy of my 2024 federal income tax return and applicable schedules.

If you are married and you and your spouse filed separate **2024** tax returns, you must submit tax return transcripts or signed copies of 2024 IRS tax returns and applicable schedules for both you and your spouse. *(For detailed information about obtaining an IRS tax return transcript, go <https://www.irs.gov/>.)*
